

Principles of Quality Asphalt Pavement Class

Please join us at Forsgate Country Club on November 1, 2024 for a full day educational program, “Principles of Quality Asphalt Pavement.” The class will be presented by Dr. Buzz Powell, P.E., Technical Director for the Asphalt Pavement Alliance and former long time staff member at the National Center for Technology.

Topics will include:

- Asphalt Mix Design and Testing
- Material Storage, Handling and Transportation
- Asphalt Binders and Aggregates
- Use of Recycled Materials
- Paving Practices
- Quality Assurance and Quality Control
- And More

This is an excellent program for asphalt producers, paving contractors, inspectors, engineers and project owners. Attendees will learn best practices for asphalt design, production and placement. The program is also approved for continuing education credits for New Jersey Professional Engineers. This class qualifies for 8 hours towards your NJSAT credits.
